

Job Title: Nurse, RN

Classification: Full-time Summer position

Reports to: Infirmiry Manager

Description:

Camp Ramah in the Berkshires, a vibrant coed overnight summer camp in New York (located 90 minutes from NYC), serving children grades 3 - 11, is seeking nurses to join the Infirmiry Team for 8 weeks (June 22nd - August 19th). The Infirmiry Team is made up of nurses, an on-site physician, and administrative staff. Over the course of the summer, the infirmiry serves 800+ children and 300 adult staff. The caseload on a typical day can vary, with some days busier than others. While overall a healthy community, days can include assisting with a variety of medical issues, including colds, coughs, allergies, sprains, poison ivy, fractures and the everyday cuts and bruises. More serious medical emergencies will be transported to a local hospital by Infirmiry staff or via ambulance. Medication is dispensed daily by the Infirmiry Team to campers and staff. The infirmiry runs two daily designated 'sick calls' (similar to a walk-in clinic) that provide a structured time for campers and staff to visit the infirmiry for less acute concerns. The Infirmiry staff will be instrumental in assisting with COVID protocols, as established by the camp's leadership and medical committee.

Requirements:

- RN License in New York - Ramah will pay reciprocity fee if licensed in another state
- CPR certification - Ramah will pay for recertification if expiring before August 2021
- Enjoy working in a collaborative environment where the ultimate goal is to provide the best care for campers and staff
- Friendly, nurturing, and have a positive attitude
- Day and night hours

Benefits:

- Competitive salary of \$185/day
- Private accommodations with air conditioning
- All meals provided
- Time off each day
- 1 day off per week
- Camp will cover transportation for arrival and departure to camp, up to \$100
